NOTICE TO RESIDENTS OF ALBERTA

The Alberta Gas Trunk Line Company Limited has announced plans to raise the sum of \$10 million by the sale of 54.4%, \$100 par value preferred shares of the Company. The sale price of the shares to the public has not been definitely fixed but will be announced when the securities are released for sale on or about March 7, 1961.

There will be no common share warrants attached to these securities and no right will be given to convert them to common shares at any time.

The issue will be underwritten by a group of Canadian investment houses (all of whom have offices in Alberta) under the joint management of Tanager Bros. Ltd. and Dominion Securities Corp. Ltd. and the underwriters have agreed to conform with Alberta Gas Trunk Line's policy that every opportunity shall be given to residents of Alberta to purchase these securities. Although the actual public offering will not be made until on or about March 7, 1961, this advance information is being released by the Company in Alberta to give Alberta residents ample opportunity to make inquiries concerning these securities.

Arrangements have been made whereby interested parties may make inquiries to and obtain information from Investment and Broker Dealers, Treasury Branches, or Chartered Banks in Alberta. Any person interested in purchasing the securities is requested to get in touch with one of these institutions as soon as possible and not later than Tuesday, March 7, 1961.

TWO HOUR PARKING

Parking regulations on Drayton Valley's main street have gone into effect with the passing of a bylaw to that effect. Two hour parking will be the rule of the day, each day, except Sunday, from 9 a.m. till 6 p.m.

Biking will now be permitted in front of the theatre for a certain specified time each day but prohibited from 7 till 11:30 each evening, during showtime, and on Saturday afternoons.

The council may designate and cause to be marked, the portions of highway where parking for two hours or for any shorter period of time is permitted on any week day and no person shall park a vehicle on such portion of highway for any period of time exceeding the time so designated and marked.

(4) "No driver shall park a vehicle during the prohibited hour."

Cont. on Page 2, Col. 3

Youth Groups

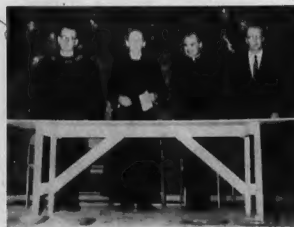

World Thinking Day, commemorating the vision of the great founder of the Boy Scout movement, Lord Baden Powell, was observed in Drayton Valley on Saturday with appropriate ceremonies.

Following is the by-law, which made the two-hour parking regulation effective.

707. (1) For the purpose of safety and for preventing traffic obstructions the Council is hereby authorized and empowered to prohibit or regulate the parking, placing or standing of vehicles for such a distance from the boundaries of any intersection where automatic traffic lights are now or may hereafter be installed as they may deem expedient, provided that the foregoing shall not apply to a vehicle merely waiting at such prohibition or regulation shall supersede any provision of this by-law to the contrary notwithstanding.

(2) The council may decide upon what highway persons may park vehicles by angle or parallel parking and may cause

When the group arrived at the Scout Hall they took part in a service that was held, in which they renewed their vows as members of the Scouting and Guided organization, with leaders of the various groups of Cubs, Scouts, Brownies and Guides leading in that order of the

Staff Photo

Ministers participating in World Thinking Day Services in the Scout Hall, Saturday afternoon, February 26th. Left to right they are: Rev. Wright, Rev. Brown, Rev. Scriven, and Pastor Wulff.

Church leaders, the Rev. Wright, Pastor Wulff, Rev. Fr. Scriven and the Rev. Brown conducted the weekly service for the assembled group.

The ceremony was the first of its nature that has been conducted in Drayton Valley and will probably become an annual event. Representation of the various groups was very good, with most of the youth who are members of the four organizations present for the services.

Following is a list of the Brownies, Guides, Cub and Scout leaders.

BROWNIES
Mrs. K. Bright and Mrs. Reynolds as leaders with Mrs. L. McLean and Miss McMillan as assistant leaders.

GUIDES
Mrs. Gray as leader with Mrs. Tennant and Mrs. McLean as assistant leaders, and Sheila Campbell as Company Leader.

CUBS
Walter Krause and Ron North as leaders and Jack McLean, Jack O'Rourke, Buck Bedard, Bill Adams, Rex Anderson, Ken Astle, Ian Sturton, Ray Cleaver and Ken Fletcher as assistant leaders.

SCOUTS
Fred Tooby and Heinz Baum as leaders and Emil Duerette as the assistant leader.

NEWTON P. DODSON & LUCY S. DODSON

Mr. N. P. Dodson was born in Virginia in 1876. He was born on a farm in the Virginia hills and has been closely connected with the soil ever since. At the age of 20 he left Virginia to go to Illinois, where he farmed for ten years. It was in Illinois, in 1907 that he met Mrs. Dodson and they were married there.

From Illinois they went to Minnesota, where they remained for several years, farming, and then they felt the call north again, in 1912 the Dodsons came to Drayton Valley, where he farmed for ten years. It was in Illinois, in 1907 that he met Mrs. Dodson and they were married there.

Don't the Dodsons' coming to Drayton Valley was not a single settler in the present location of the Drayton Valley townsite. Among their farm affairs were chickens which were a great boon to the early settlers.

The Dodsons went just south of Drayton Valley site and filed on a homestead in Township 49, the first settlers to locate in that township. They filed on the quarter section where the A. Hodgson farm is now located, the mid-twenties they bought the quarter south side of what is now 50th Avenue and on the quarter on the north side of 50th Avenue also, which is the district on the east side of 50th Street on which much of the present townsite is located. They gave a three acre tract on what is now the north-east corner of 50th Ave. and 50th Street to the Church of God which later sold parcels of the land. The Dodsons' added in building the Church of God.

In 1922 they returned to Virginia where they remained for a

year, but as Mrs. Dodson says, they "had drank Saskatchewan River water and couldn't be satisfied anywhere else", so they returned the following spring to this district. When they came into this district in 1913, they were among the very first settlers here. The same year with clearings of the proposed damsite on the Saskatchewan River had just started and Mr. Dodson got a freighting contract hauling freight from Galfinford to the power site, on the Saskatchewan River south of Drayton Valley, which was known as Powerhouse then. The freighters hauled half a ton each time with a two-horse wagon over roads that were nothing more than trails not of the way. They were allowed 4 days to make the round trip. In sections of the road corduroy had been put down and it was so rough that the Dodsons were coming in on their first trip Mrs. Dodson got out when ever they came to a corduroy stretch and would walk, carrying the baby in her arms. It took them eight days to come from Galfinford to their home-stead site.

Settlers started coming in fairly steadily about that time, among those who were the first settlers the Dodsons remember Harry Morrow, who had the place where the Mobil Oil office is now located, the Tuckers, who had come here in about 1911, Mrs. Maurice Jonston, Edward Winsted, Halmar Ransed's father, Gordon Wrook, Roy Piotti, Jimmie Taylor and the Drakes. They recollected that there was no cable of any kind in what is now Drayton Valley townsite, until about 1915 when John Martin started the first store in the district.

Work on the dam was dropped late in 1915 with the start of World War I, but settlers had

DISTRICT PERSONALITIES

Cort, Tom Page 1, Col. 5 started to come in and many of those who came in to work on the day remained to settle and take up house.

The Dodson's remained in this

area until 1952 when they went to Edmonton, B.C. With the discovery of oil here they returned in 1954 and remained here till 1956 when they went again to Edmonton, B.C. and where they make their present home.

They have four children. Oldest

son, Eddie, lives in B.C. Daughter Bina (A babe in arms when they came here in 1913), Ma. Wedden, lives in Edmonton. Daughter Ruth, Mrs. Paul, lives in Edmonton, and daughter Mildred, with her husband, Bryce Lindgren, looks after the trailer park and property on the former Dodson farm, property that contains the new high school building, the hospital, and a large number of houses, and which will see further expansion as the town continues to grow.

Asked about the "Oil Boom" in

relation ship to the oldtimers of the district the Dodson's feel that the discovery of oil here in 1952 and its development, starting in 1954, helped all the former residents of this district very much. They feel that Drayton Valley is a good place in which to live and think it will keep growing and developing.

Looking at Recreation

by: Michael Gormley
Recreational Director

GOLDEN GLOVE TIME - One of the oldest and most popular of all boxing tournaments, the Golden Glove Time in Edmonton where the Optimists will hold their annual Golden Glove Time, The Edmonton Optimist Club has been sponsoring "Golden Glove" Tournaments with great success for several years now and this particular fight most has grown to be one of the most popular, most thrilling and most outstanding events in amateur sports throughout the province. The Optimists have always put on a very fine show and this year's most promises to be the finest to date. One point that really whetted some of this year's show is the fact that a new training has come into effect whereby a boy must have a reasonable amount of ring experience before he can enter the tournament. In other years a boy could come off the street and go along for the ride even if he never saw a pair of boxing gloves before, now however, to qualify a boxer must have had at least five amateur fights and his record must be reasonably good. With this ruling in effect the caliber of the fighters and the bouts should be much superior to other years.

The Golden Glove Tournaments first got their start in the early 1950s in the middle Western States. Such tournaments became very popular and spread across the country like wildfire. The "Golden Glove" soon became an international sports event until today tournaments are held annually in different parts of every country in the Western world.

Many fighters who got their start in Golden Glove competition went on to become international stars of the ring in professional boxing. The greatest fighter who ever lived, Joe Louis, was a "Golden" product. Rocky Marciano was another, as were Jimmy McLintock, Tommy Toughner, Henry Armstrong and a host of other outstanding names in the annals of fistfighting at every weight level and from every land.

This year four local boys carry the Green and Gold colors of Drayton Valley in the Edmonton "Gloves" tournament. Rufus Combs who was the 1960 Novice champion at 124 lbs. will be gunning for the 129 lb. Open title this time out. Devin Combs will be competing at 112 pounds. Gary Meete at 105 and Barry Thompson will be ready to fight at 96 lbs. With these four solid citizens making up the local delegation, Drayton Valley will have a powerful representation in the tournament. In fact right now I would say that Gordon Combs and his boys will split on the weekend in other words of the four boys entering, two will return to Drayton Valley, Golden Glove champions for 1981. So all the luck in the world to our boys in one of

the oldest and most popular of all boxing tournaments.

MIDGET HOCKEY TOURNAMENT

The Drayton Valley Midget Hockey tournament under the direction of Charlie Davies was a successful venture in its own right despite the fact that it was marred by some incidents which were by the whole were not good for hockey in general. The games were all played off at the local rink on Saturday, February 28 and involved four teams, Drayton Valley, Westburn, Wabamun and Tomahawk.

The "Valley" team under Davies opened up proceedings in a game with Tomahawk at 10:00 a.m. For two periods it was tip and tick hockey with one team taking the lead and then the other. The third period opened with the teams deadlocked at three goals apiece, then the Clippers pulled away to win 7-3. Steve Serenis led the local rush with two goals and two assists. David Johnson got two markers while Rany Mody, Wayne Flanagan and Brian Trush were the other marksmen. Spence Ralch and Vantage were the Tomahawk scorers.

At 2:00 p.m. the Warburg Elks faced the Wabamun Klondikes in a fast hard played game. The heavier Warburg team seemed to have the edge from the start and another sudden-death overtime game. Once again Kenny Billa was the man of the hour scoring the winning goal. If the floor laws thought they laid it made at this point they sure changed their mind in the next game when the hand-driving Elks struck back and roundly pounded the Black and Gold outfit 9-1. Yko Elks had a clean margin throughout and Kenny Sieben made it a sure thing with a beautiful third period goal.

The final game was a thriller from start to finish. The Elks had the edge throughout but could not seem to finish their plays on their better scoring opportunities and for the Rotarians Terry McManus showed some great style in the net especially in the late going when the Elks were desperately trying to tie the score. Terry stopped Billy Nutter and Kenny Sieben cold on sure scores that would have made the difference in the outcome. The Rotarians took an early lead and led 3-1 at the end of the first period. In the second it was all Elks as far as territorial play went, however, the Rotarians succeeded in keeping ahead, leading 4-3 at the end of the first period. The third period was a carbon copy of the second and once again the Rotarians held their own and the Warburg team hung on to win the game 1-0 and carry away the Thompson Sporting Goods Trophy which will be put on the line annually for such a tournament. Earl Thompson was on hand to present the trophy to the winning team. On the whole it was a fine tournament and it is hoped that many incidents that might have developed will not be detrimental to our hockey program or its development but those magnificents if used in a constructive manner will lead to rules and regulations which will govern games and tournaments more closely and what presently might look like a monstrosity may very well be a blessing in

disguise.

ROTARIANS - CANDIENS-CHAM

Last week was a big week in the local "Minor" playoff circles. In the Pee Wee League the D.V.A.A. Canadians under the wing of Bill Ward cleaned up on the Hosts Flyers taking three straight games and the Pee Wee championship of Drayton Valley. The Elks Lodge are presenting the winners with a beautiful trophy emblematic of the town's championship at the Pee Wee level. The "Candians" took the opening game 10-0, the second encounter 6-1 and the final result was 5-1 in favor of the little Hubs. Freddy Keen led the Hub scoring with seven goals, Stanley Luchak got six markers, Ken Lamont tagged four scores, Terry Ward and Elwood Johnson got three apiece while Jeff Larabaster got the single in the final game. To y Lewitwick and Ronnie Micklow were the Flyers scorers.

In the Bantam circles Nick Ucheyvaly Rotarians squeezed by the D.V.A.A. Elks three games to one and took the Rotary Trophy emblematic of Bantam hockey supremacy in the town of Drayton Valley. The Rotarians had a game advantage in the series when they skated onto the ice last Monday evening by virtue of a 4-3 overtime win the previous Friday evening. On Saturday night was 4-3 for the Rotary boys in another sudden-death overtime game. Once again Kenny Billa was the man of the hour scoring the winning goal. If the floor laws thought they laid it made at this point they sure changed their mind in the next game when the hand-driving Elks struck back and roundly pounded the Black and Gold outfit 9-1. Yko Elks had a clean margin throughout and Kenny Sieben made it a sure thing with a beautiful third period goal.

The final game was a thriller from start to finish. The Elks had the edge throughout but could not seem to finish their plays on their better scoring opportunities and for the Rotarians Terry McManus showed some great style in the net especially in the late going when the Elks were desperately trying to tie the score. Terry stopped Billy Nutter and Kenny Sieben cold on sure scores that would have made the difference in the outcome. The Rotarians took an early lead and led 3-1 at the end of the first period. In the second it was all Elks as far as territorial play went, however, the Rotarians succeeded in keeping ahead, leading 4-3 at the end of the first period. The third period was a carbon copy of the second and once again the Rotarians held their own and the Warburg team hung on to win the game 1-0 and carry away the Thompson Sporting Goods Trophy which will be put on the line annually for such a tournament. Earl Thompson was on hand to present the trophy to the winning team. On the whole it was a fine tournament and it is hoped that many incidents that might have developed will not be detrimental to our hockey program or its development but those magnificents if used in a constructive manner will lead to rules and regulations which will govern games and tournaments more closely and what presently might look like a monstrosity may very well be a blessing in

disguise.

Many fighters who got their start in Golden Glove competition went on to become international stars of the ring in professional boxing. The greatest fighter who ever lived, Joe Louis, was a "Golden" product. Rocky Marciano was another, as were Jimmy McLintock, Tommy Toughner, Henry Armstrong and a host of other outstanding names in the annals of fistfighting at every weight level and from every land.

MINOR EXHIBITION GAMES

On Friday evening a couple of exhibition games were played at the local rink between the local Pee Wee and Bantam All-Star teams and School squads from Edmonton. In the opening game the Pee Wee under the very fine coaching of Bill Ward bested to an easy 4-0 victory over the Edson crew. Backed by the outstanding goaltending of the Elks, the local host club played pretty much their own way. Allen Matson got two goals while Jerry Lewis and Freddy Kerr got the others.

The Bantams were not quite so lucky as the Edson junior High

School squad took a close 6-5 finish from Nick Ucheyvaly's charges. Garry Palmer, Wayne Flanagan, Kenny Sieben and David Joyce with a pair of markers were the D.V. scorers while the May brothers accounted for three of the visitors' goals and Kelly, Stupor and Dupre were some exciting game all the way with little in those between the two teams.

FOOTBALL GENERAL MEETING

A general meeting will be held in the Recreation Office of the Town Hall on Thursday, March 9th for all those interested in

Reports

There have recently been a number of important announcements from Parliament which affect Alberta particularly. The big one for our farmers have been the announcement of major sales of grain to China, Russia and probably Czechoslovakia.

The bigger of course the \$80 million sale to Red China. This is made up of 20 million bushels of wheat and 12 million bushels of barley. Most of this total will come from Alberta points.

To give you some idea of the extent that this will stimulate our economy - it is estimated that loading this grain will keep all facilities of the West Coast going full blast till next August. These sales should be more grain out of our country elevators and greatly improve the delivery position of our farmers. It will also put grain into a country where famine is rife and this is something that we would want to do.

The other important announcement is that of the final payment on loan. The total paid has been the best in years and will average 16 cents per bushel. Payments will total \$2 million and out of this \$2 million will come to Alberta. Announcements can be expected shortly in regard to the interim payment on wheat.

One of major industries of our Province got a shot in the arm last week with the announcement of the National Oil Policy by the Minister of Trade and Commerce, Honorable George Hees.

The Government has announced levels of production which it expects to produce to meet if it wishes to evade Government Control. In making the announcement, the Minister made it clear that Government action was a countervailing force to the actions of the international oil companies who no longer consider their global interests rather than our Canadian interests. The level set are at 621,000 by mid 1981 - and 840,000 barrels daily by the end of the year. This compares with 580,000 barrels daily last year. The target of 800,000 barrels daily by 1985 or a pipeline to Montreal. I have always thought that a pipeline to Montreal is an absolute necessity for our industry. However, I am willing to allow the industry an opportunity to meet 800,000 barrels daily target as it was in 1981 - and 840,000 barrels daily by the end of the year. This compares with 580,000 barrels daily last year. The target of 800,000 barrels daily by 1985 or a pipeline to Montreal. I have always thought that a pipeline to Montreal is an absolute necessity for our industry. However, I am willing to allow the industry an opportunity to meet 800,000 barrels daily target as it was in 1981 - and 840,000 barrels daily by the end of the year. GYMKNANA NEWS

With the lovely weather we've been having lately some of the Ladies Gynkhanas Club members have been doing some riding over the week-ends. They have been getting themselves as well as their horses, in shape for the Gynkhanas in the spring. It is hoped that the warm weather will continue to make more get-togethers possible.

There is still a great need for associate members. For every associate member at least two associate members are needed. They can help with judging, timing, building jumps, stands, etc. while the active members are participating in events. Remember, you DO NOT have to own a horse to join. There is something to do for everyone from one to one hundred.

Plans are going ahead for an Easter dance to be held April 17. It has been suggested that each lady decorate a hat and model it. So when the tickets are on

sale please buy at least one from one of the members.

Anyone wishing further information about the club, joining it, or wanting to buy or list a horse for sale please phone 542-2006.

Brownie & Guide

Reported by Mrs. Kathy Wright

GUIDES AND BROWNIES MARK FOUNDERS BIRTHDAY.

The 1st Drayton Valley Guide Company and the 2nd and 3rd Brownie Packs held a program and Pot Luck supper in the Scout Hall on Wednesday Feb. 22, 1961, to mark the Birthday of Lord Baden Powell, the founder of the Scout and Guide Movement.

The supper was organized by the mothers Association and contributed by the Guide and Brownie Mothers and enjoyed by some 150 girls and parents.

The Guides and Brownies formed their traditional horse shoe and fairy rings. Claudette Coum and Julie Wilner were emcees as Guides and Jean Simon as a Brownie.

Judy Weldon and Allison Waugh were presented with their Golden Bars indicating that they had passed certain tests in the Brownie Programme.

Maureen Wade was awarded a house orderly badge.

Gifts and second prizes were awarded to Shannon McCall, Patsy Campbell, Linda Brown, Louise Poes, Brenda Johansson, and Donna Conger and Service stars to Patsy Campbell, May Geron, Lindsay Brown, Donna Conger and Brenda Johansson.

The girls contributed to the Town Thinking Day Fund by placing pennies under the sign of a Trefoil.

This money will be used to further the Guide movement in other countries.

D.V. Highlights

By: Edith Debey

Mrs. Kenneth Belling was elected constitution chairman at the Association of Old Wives Club's convention held in Calgary recently. Congratulations, Mrs. Belling.

All of Jane Schoen's friends are most happy to hear of her success in the Rotary Club's Citizenship Essay Contest. Jane won first place and will receive an all expenses paid trip to Ottawa in May. Jane is the daughter of Mr. and Mrs. August Schoen of Rocky Rapids.

What did I tell you? Knew Mrs. Peck couldn't stay away from Spring apple. She is expected back from the coast this week.

MR. LOUIS MATTSOON
Forty of Louis Mattson's friends welcomed him with a party at his home on February 9. The occasion was his seventieth birthday anniversary.

Louis is a long time resident of our district having lived on his homestead in 1933. He was born seven miles from Hammar, Norway. He came to Canada in 1933 after having resided in the U.S. for five years. For a time he lived at Humbolt, Sask.

Although our district has been "Louis' home since 1933 it was not until 1942 that he built his own house and took up permanent residence here.

Louis has always had an interest in the affairs of the district. He is a member of the Farm Union and it was he who donated

the land when it was needed to build Dunlop School in 1937. Ben Wilton for many happy years, Louis.

Otto Gutz broke his arm in a toboggan accident ten days ago. Could have been worse, Otto. Think how a broken arm would cramp your style when reading stars.

Chester Miller is home again and is feeling just fine he says. He spent two weeks in the Royal Army following a minor operation.

Members of Drayton Valley Rodeo Committee, headed by Keith Peterson, will meet with Edna Rodeo Committee on Tuesday evening to discuss mutual problems.

Littie Betty Farnsworth, daughter of Mr. and Mrs. Chester Farnsworth, broke her arm while playing golf, and must wear a cast for a month.

Alberta Grise, Elton (Slim) Matheson, and Cal Bartlett are among the experienced hunters who have been helping the R.C. M.P. to hunt for wolves, some of which are believed to be raiding a bait trap set in the area.

In experiments with snails at the University of Maryland, a snail on a treadmill had an average speed of 10 inches an hour.

A new demand for stuffed pink animals has boosted German toy sales in Nuremberg.

CIVIL DEFENCE

Civil Defence is a common sense way of dealing with any community disaster that might endanger life or property.

What disaster must we guard against? FIRE, FLOOD, EARTHQUAKE, TORNADO, EXPLOSION, such a disaster can strike a family or community anytime, anywhere.

In the event of WAR a civil population must be prepared to ward off or minimize the death and destruction caused by ATOMIC, BIOLOGICAL, CHEMICAL and other forms of attack.

In PEACE as in WAR, prepared to deal with disaster, the civil defence services can save lives and reduce property damage.

WHAT ARE SOME OF THE BASIC PRINCIPLES OF CIVIL DEFENCE?

- Self-help-doing what you can for yourself.
- Mutual help - readiness to help others.
- Co-ordinated help - willingness to help others as a team.
- Organized help - acceptance of local government planning and coordination of effort.

WHO IS RESPONSIBLE FOR CIVIL DEFENCE?

- Each and every citizen - for self-help and mutual help.
- Local government for providing organization and direction for coordinated aid.
- Provincial government - for arranging mutual aid between municipalities.
- The Federal Government - for the overall coordination and direction of civil defence.

HOW IS CANADA ORGANIZED?

For civil defence purposes, Canada is divided into (a) Target Areas; (b) Mutual Aid Areas; and (c) Mobile Support and Reception Areas.

- A Target Area is any municipality or group of municipalities, which because of high population density, great industrial potential, etc., is considered liable to be attacked by an enemy.
- A Mutual Aid Area is the region around a Target Area, whose communities are organized to provide help where it is needed when disaster strikes.
- A Mobile Support and Reception Area is the territory outside the Mutual Aid Area that is organized to receive long-term evacuees, refugees and casualties and to send help to a Target Area.

What should you do if you are interested in self preservation?

- Find out what civil defence can do for you - and then find out what you can do for civil defence.
- Support the development of civil defence in your community.
- Offer to serve in your local civil defence organizations.

LEARN ALL YOU CAN ABOUT CIVIL DEFENCE.

Home Nursing Training Course.

The above course will be open to all ladies in the area who wish to take advantage of this course offered by the St. John Ambulance Association through Civil Defence, free of charge.

The course consists of 22 hours of instruction followed by an examination. Upon successful completion of the course, candidates will be awarded a St. John Certificate qualifying them in "Home Nursing".

The following Text Books will be retained by candidates after completion of the course:

- 1 copy "St. John Home Nursing Text Book" - 290
- 1 copy "What the Home Nursing Auxiliary Should Know About Civil Defence."
- 1 copy "Management of Emergency Delivery".
- 1 folder Bandage.

The instructor will be a Registered Nurse.

Phone Chief Al Miles 542 - 3355

ROTARY IN DRAYTON VALLEY

PICTURES OF ROTARY CHARTER MEMBERS.

The pictures on this page show Rotary Charter members, still living in Drayton Valley, with the exception of Mr. Johnson, who is now deceased.

Paul P. Harris

WORLD WIDE SERVICE CLUB MARKS 56th BIRTHDAY WITH 500,000 MEMBERS.

Reported by Rotarian Sid Wardle.

Rotarians of Drayton Valley this month joined more than half a million of their fellow Rotarians on six continents as they commemorated the 56th anniversary of the founding of Rotary. The birth of this world-wide fellowship of business and professional executives took place in Chicago U.S.A. on February 23, 1905.

Rotary activities throughout the world are based on the same general objectives as those of our own club - the development of fellowship among business and professional men, the betterment of communities, leading boys and girls into good citizenship, the promotion of high standards in business and professions and the advancement of international understanding, good will and peace.

The one basic objective of Rotary is the ideal of service which is to be thoughtful and helpful to others. To attain this objective Rotary seeks all that which bring people together and avoids all which separates them. This is the reason why Rotary has become a world-wide institution, whose ideals have been accepted by men differing widely in language, custom and historical background.

CONTINUOUS GROWTH.

As mentioned above, the first Rotary club was organized in Chicago on February 23, 1905, by Paul P. Harris, a young lawyer, who suggested the idea to a group of his friends. Since then, the Rotary has grown in numbers and strength. In 1960, for example, more than 400 new Rotary clubs were organized in 51 countries, and four new regions were added to Rotary's membership roster.

Art Playford was Charter Secretary. He later resigned when pressure of business made it hard to attend the weekly meetings regularly.

Charter member C.D. "Red" Fehr of Drayton Valley Motors.

Rotarian Harry Zolmer was a Charter member when the club was formed in Drayton Valley in 1955.

One of the many projects in which Rotary clubs around the world participate is the Rotary Foundation Fellowship which was inaugurated as a memorial to the founder of Rotary, Paul P. Harris.

These Rotary Fellowships enable outstanding graduate students to live and study for one year in countries other than their own, as ambassadors of good will, on grants averaging \$2,500. More than 1,400 Rotary Fellowships have been awarded to students of 70 countries in the past 14 years for study in 45 countries, and Rotary International's grants in this field of international understanding have amounted to more than \$3,600,000. Through this program of other-country student fellowships, Rotary is endeavouring to foster better international relations by increasing the personal contacts which the nations of the world have with each other.

1961 CONVENTION

Cont. page 9, col. 2.

Charter President, the late Elmer Johnson. Previous to Rotary being started in Drayton Valley Mr. Johnson had seen the show "The Rotary Story" on television and had been so impressed by it that he became an enthusiastic Rotarian.

One of the first challenges that President Johnson gave the newly formed club was the Rotary "Kiddie" Park, now a reality, and known as Rotary Community Park. Another challenge was the building of Scout Hall, which today stands as a memorial to Rotarian Johnson's community spirit, and a reminder of the zeal of the Rotary Club, which was the first service club to be started in Drayton Valley.

Another Charter member was Mr. John McKenzie of Mack & Mann Trucking.

Mr. Howard Pickup has been in Rotary since it was first formed here in 1955.

NORTHWESTERN UTILITIES, LIMITED

"Serving Albertans with Natural Gas Since 1923"

Charter member Arnold Lloyd of Lloyds Jewelry P.S. The dog and the Christmas tree are private projects, not connected with Rotary.

Viet Barylko of Viet's Painting. A charter member.

WHEN GETTING AROUND IS TOUGH— that's usually the time gas service is needed most! Every community served by the gas company is carefully supervised—to make sure gas service continues uninterrupted; and the local agent serving your community is the "on the spot" man to see that local trouble calls are attended to. Combined, the local agent and other trained personnel throughout the

company work as a team to see that every gas user gets the best possible gas service at the lowest possible cost!

L. F. McKERNAN is your Northwest Utilities Local Agent in Drayton Valley serving the communities of Drayton Valley and Buck Creek.

at institute for the Blind drive, the Red Cross drive for blood donors and many others. The Rotary Park with its equipment has been a Rotary project in the past and the club continues to maintain and improve same annually.

Very shortly, a local High School student, under the sponsorship of Rotary, will be flown to Ottawa where, together with many other students from all parts of Canada, he or she will take part in a program entitled "Adventure in Citizenship".

"What's the idea of doing your car up like that?" we asked. "It's for when I get hauled up by the judges for speeding," said our young man in a hurry. "You ought to hear the witness contradicting one another."

Two little fellows coming home from Sunday School were discussing the lesson. "Say, do you believe all that about the devil?" "No, don't let them kid you. That's just the Devil's Claus—it's your old man."

The A.O.T.S. Mens Club of the United Church, in Drayton Valley PRESENTS IN DRAYTON VALLEY MR. AB. DOUGLAS

**Popular News Editor of CFRN T.V. will
present a public lecture & films
on his recent tour of Russia**
DATE:- Friday March 10th
PLACE:- Frank Maddock Auditorium
TIME:- 8:00 P M ADM: ADULTS \$1.00
STUDENTS 75¢
Tickets on sale at Valley Drug or Pembina Drug.
**Plan to bring your family to this
educational evening**

W.I. MEETING

The regular monthly meeting of the Women's Institute was held on Monday, Feb. 20th in the Library with 10 members present. Mrs. Nordby presided.

Mrs. Deby reported that some layettes had been donated and will be sent to Unitarian Service. It was decided to send some used clothing to the Salvation Army.

Mrs. Frank brought two quilt tops and material for a third and the wool to fill them. Our thanks to Mrs. Landis for so generously offering to card the wool. It was beautifully done.

It was decided to donate \$75.00 to the Library. Mrs. Chipchase, handicraft convenor reported good progress on the crib quilt being made for the conference competition.

Mrs. Krause in her library report stated that a new shipment of books had been brought. She is taking a correspondence library course and will spend three days at the University in April to complete the course.

Roll call was used Christmas cards for the Charles Cammell hospital.

Pembina Playmates

The W.I. girls club met on February 11 at Mrs. Krasenburg home with 11 members and one visitor present.

The girls aged 12 and over took Lesson 3 of their Baby Simons Safety course "First Aid for Children". Lecturer was Mr. Donovan and our thanks to him for taking the time to come and instruct the girls. Besides teaching the girls First Aid to the injured he stressed prevention of accidents when caring for children.

The younger children were given a lesson in Counted Cross Stitch embroidery by Mrs. Nordby.

Roll Call was a baby picture. Mrs. Krasenburg served a delicious lunch.

Easyford News

JOHN HENRY COWARD
FUNERAL

On Sunday, February 12, Mr. John Henry Coward 79, of Easyford passed away at the Vermilion hospital after a brief illness.

Mr. Coward was born on Sept. 30th, 1881 in London, England. He and his wife came to Canada in 1902. They settled at Blackfoot, near Lloydminster with the Barr colonists. Mrs. Coward passed away in March 1920 during the flu epidemic.

ing the flu epidemic.

In 1949 Mr. Coward bought a farm in the Easyford district where his son Jack has lived since the 30's. At the time of his death he was spending the winter with friends near his old home at Vermilion.

Mr. Coward leaves to mourn his loss, one son, Jack at Easyford and four grand children, two sisters in England and a host of friends.

O.O.R.P. News

THE O.O.R.P. held their two regular meetings in January, with an average attendance of twenty-four.

The ladies of the Lodge are going to give the E.L.K.S. all the financial assistance possible for the redecoration of the stage in the Hall, a new Hardwood floor will be laid and a back ground of Bamboo Drapes are just two of the many changes to be made.

\$10.00 was sent to the Chipman Lions Club Medical Fund, to assist with the expenses of the students injured in the Bus - Train Collision at Lamont, Alta.

Several items of Baby Clothing was sent to U.N.I.S.E.F. during January.

Four applications for membership were accepted at the First February meeting, these Ladies will be initiated on March 7th.

The O.O.R.P., caused to the Elks Dance on February 7th. We also will be responsible for contacting the various Women's Organizations to get a representative from each to meet at a future date to arrange food for the Boxing Championships to be held in May. Mrs. Bertha Simons is the Convenor.

The O.O.R.P. have purchased new Blazens and Hats.

The E.L.K.S. are having a card Party on February 28th, all ladies of the O.O.R.P. are invited to attend.

See you all at the March 7th meeting.

2nd prize: W. Johaneson
3rd prize: R. Boles
4th prize: W. Dunham.

THIRD EVENT: (D.V. Ambulance Trophy)

1st prize: Reg. Kaapp.
2nd prize: H. Cadman.
3rd prize: Bill Cochran.
4th prize: Bill Copeman.

The Legion expresses their thanks to all those who donated trophies and prizes, making the 'spiel the success that it was.

BASKETBALL

DRAYTON VALLEY PACERS WIN OVER NITON 70-58.

The Drayton Valley Pacers continued to set a blistering pace in the Pembina Valley Basketball League race at Wildwood last Friday evening when they overpowered the Niton team 70-58 in a one-sided contest.

The Pacers led by Alvin Hopfe, who had another perfect night, got off to a fast start and never looked back as they all but ran the hapless Nitonites off the court.

The local team is now tied with Wildwood for the league supremacy. The local team is now tied with Wildwood for the league supremacy and the Pacers close out the season against their rivals next Friday evening at Wildwood.

This one is a must for the Valley team as since the Wildwood squad has a game in hand and a defeat would mean a second-place finish for the Purple and Gold. Wildwood will have the edge of their home gymnasium and, cutting fans, however, if the Pacers are up on their toes for this one there should be no doubt but that they should take it and the league championship.

Post season playoffs get under way late in March.

The politician was talking to the kids at school: "I hold a dollar bill in my hand," announced the speaker to a group of young boys. "That dollar bill goes to the kid who is the best-headed enough to bring to the name party I do." Then turning to a bright-eyed boy at his left, he asked, "What's your politics, son?"

"What's yours?" piped the young opportunist.

Customer: "I'd like to smother my wife with diamonds."
Salesman: "There must be a cheaper way, sir."
"Where have you been, Johnnie?"
"Playing ball, Mother."
"I told you to beat the rug, didn't I?"
"No, ma, you told me to beat the rug on the line and then beat it."

The fellow who says he would go through anything for his girl doesn't necessarily mean his bank account.

Someone says love is so sweet, but whenever saw a soul-mate lover.

REPORT FROM LEGISLATURE

By: Mrs. Cornelia B. Wood, M.L.A.

In spite of the winter blizzards of the colden day of the winter to date, some 600 guests crowded the Legislative Assembly to witness the Official Opening of the Second Session of the Fourteenth Legislature. The Legislative Building was like a Spring Flower-garden with banks of flowers from the Government's green house, and gained the admiration of all who entered.

Thm traditional pomp and ceremony prevailed and His Honor Lieut. Governor J. Percy Page read the Speech from the Throne Highlights of the address were:

A new program of school facilities. Legislation to broaden the tax base for a more equitable basis for road property tax. Provision for further development of Community Features. Encourage fence protection and management. Further development of Provincial Parks.

Research program to conserve wild game and fish. Construction of a new Provincial Diagnostic and Referral Centre and Hospital at Calgary.

Auxiliary Hospital program to be continued. Provision for Welfare Assistance based on individual needs.

Homes for Senior Citizens will be proceeded with. Highway construction and camps built.

Dial conversion program in rural area to continue and Mutual Telephone Companies to be encouraged.

Waste Works program to be continued. A new Expropriation Act to provide more uniform and equitable procedures for expropriation of land.

Ambrase Holowach (S.C.) Edmonton Centre moved the Reply to the Address from the Throne. He said the problems of unemployment, inflation, trade deficits high interest rates and high taxes facing the people of Canada today are due to the faulty monetary policies of the Federal Government and could be solved only at the Federal level. He stated the old line parties had failed to solve the national problems and the growing public debt and that the sensible monetary and fiscal policies of Social Credit could create a civilization which the world would seek to emulate by solving the problem of a well-balanced financial manner. "What is physically possible must be made financially possible," he said.

Robert C. Clark, who, along with Harry Letwinber the newly elected Social Credit Member for Medicine Hat had been presented to the Speaker of the House, seconded the Reply moved by Mr. Holowach. He commended the year and the financing of the

Provincial government on the police budgeting and on agriculture, education and recreation and urged the forwarding of the dial system in rural telephone and extensions of the highway program to provide many urban amenities for the farm population.

Ernest Watkins (P.C.) Calgary Glenmore moved the adjournment of the debate. The first motion passed in the Session was one amending the rules to allow the four opposition members to speak twice during the debate on the Reply to the Speech from the Throne and the budget debate. The second speech will be limited to 40 minutes.

OPEN BUSFUEL COMPLETED TUESDAY

A rink kipped by Marshall Vande er Pleg took the Grand Challenge in the recently completed Men's Open Busfuel. The winner refused to co-operate in the first stage and the mid-spill postponed play for a full week. With the return of the cold, all events were run off. 2nd in the event was taken by Wilson, 3rd and 4th by Wheeler and Hamilton.

The rink of Leasley, Drayton Valley, and Decalco took the prizes in the Second Event. The rink of Gauthier, Harris, McGilguy, and C. Elliott took the prizes in the third event. Much good curling was seen in the spill, and had the ice remained in good condition a good series of finals was in store.

Prizes were donated by the Drayton Valley Bay Company, Hudson's Bay, The Eaton Company, and Leley, The Power.

Personalized PLUMBING, HEATING & SHEET METAL WORK NOW AVAILABLE. HUNTER PLUMBING & HEATING. Phone 55. Tamsbury, Alberta.

VALLEY VALET YOUR DRAYTON VALLEY DRY CLEANERS L. Bernard, Manager.

Drayton Speedwash Self-Serve Coin-operated Laundry Open 8A.M. to 11P.M. 7 days per week

Special

FIR - 2"x4", smooth, dry. \$50/thousand board ft. Ideal for farm fences, buildings, etc.

Large stock of cement on hand at all times. We carry stocks of wall boards and ceiling tile for your rampas rooms.

Help the winter work campaign by having those jobs done now. For any requirements you might have, call Crown Lumber. 542-3068 - days. 542-3650 - nights.

The Country Parson

"The more a man has, the more he complains—more he doesn't complain about nothing."

CROWN LUMBER CO. B. Von Tessenow, Mgr.

WE HAVE A COMPLETE LINE OF TIMBERS AND RIG MATTING, ETC. FOR THE OIL INDUSTRY.

HOME-BUILDERS WILL FIND ALL THEIR NEEDS HERE. CEMENT, LUMBER, ROOFING MATERIALS, NAILS, PLYWOOD, HARDWARE, SASH AND DOORS, ETC.

The Chapel Hour

By Rev. Russell Brown, All Saints Anglican Church.

During these six weeks, the Church is observing the Season of Lent. Lent is the longest penitential season of our Church's Year, a time in which we prepare ourselves for the final and wonderful events of our Lord's earthly life and ultimate triumphal entry into Jerusalem on Palm Sunday. His passion and agony before the Crucifixion during Holy Week, His Crucifixion of Good Friday, and His Glorious Resurrection on Easter morning. It is a season for refreshment of mind, body and soul, and not, as some think, a season to be dreaded because one must give up this, that, or the other thing.

Try to visualize the situation that Jesus was in following His Baptism. Before His day the greatest challenge anyone has ever known or dreamed of, -- the greatest undertaking anyone could ever undertake. Yet Christ had been born into the world to do just this... to bring in the Kingdom of God. And how was He going to perform such a ministry, such a life? What tools was He going to use for the accomplishment of so great a task? I would suggest that He used three tools, Obedience, Trust, and Worship. And the devil's purpose as we shall see, was not mainly to see if our Lord was capable of resisting temptation, but to strip Him of one, if not all, of these tools.

The first temptation recorded by the Evangelists was, "And the tempter came and said unto Him, If thou art the Son of God, command that these stones become bread."

What a subtle question. If you are the Son of God go ahead and prove it. How often we hear this sort of statement. This wasn't a question of the stones and the bread, the question was aimed at arousing doubt in our Lord's heart and mind as to the reality of His divine Sonship. Had doubt begun? Suppose the voice at His side said, "Thou art my beloved Son," was only a trick of the imagination? But by our Lord's reply we can plainly see that He was Obedient, to God's word, and that He was certain of His Messiahship. What our Lord really says in his reply is, "that true life depends upon obedience to the divine word of God. If obedience is given, the Father will care for the needs of the body." "Seek ye first the Kingdom of Heaven." And to the reply, "Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God." "Christ was obedient to the word of God in the face of a strong temptation, and thus assumed Himself of the first tool for His Ministry.

I wonder if obedience is a word we of the 20th century have forgotten?

I wonder if I wonder too if our obedience to the divine word of God has been in some ways lacking? Perhaps this Lenten season would be the time to renew our vows of allegiance and Obedience.

The second temptation is in some ways similar to the first, in that the devil wanted Jesus to cast Himself from the pinnacle temple, relying on the angels of God to bear Him up. But there is even more subtle involved in this second temptation that there was in the first. The people of Israel expected their Messiah to come in all His Majesty and might. The Messiah was to appear on the roof of the temple, the centre of Jewish life and worship, and there proclaim deliverance to the people. But this was not God's plan, and the devil knew it. Because of this, Satan attempted to induce Jesus to force the hand of God. Had Christ fallen in the temple's pinnacles what would it have meant? Simply this, that Jesus would have forsaken all Trust in God's plan for the salvation of His people. As the Satan put it, quoting from the 91st Psalm, "If thou art the Son of God, command that these stones become bread."

What a subtle question. If you are the Son of God go ahead and prove it. How often we hear this sort of statement. This wasn't a question of the stones and the bread, the question was aimed at arousing doubt in our Lord's heart and mind as to the reality of His divine Sonship. Had doubt begun? Because of this,

WOLVES SEEN IN DISTRICT

With Mooses to cats and wolves attacking vehicles, the woods around Drayton Valley have come to life in a new way recently. The moose in the car was an open and shut case of a moose and a car arriving at Drayton Valley at the same spot on the highway at the same moment. The case of the wolves seems to be a little more complex and involved, with nobody in government circles willing to talk too much. A fox, a considerable amount of go-by

and returned we finally gleaned a little information, but not too much. The alleged attack occurred south of Violet Grove with a pickup truck being on the receiving end of the sharp teeth of the wolf, who, if he was a rabid, was certainly anti-social.

The pack of wolves was seen by numbers of farmers and residents of the Violet Grove, Camplin and Pembina districts, and groups of men went out hunting the band but had no direct hits to report.

This occurred last Friday, and over the weekend planes and helicopters from the Forestry Branch of the Department of Lands and Forests searched the

area, hoping, we presume, to get a shot at them, but apparently they were not successful in that; however, they did find out that the band had crossed the Saskatchewan River in the Blue Rapids area west of Alder Plain and were, for the time being at least, in relatively uninhabited bush country.

Reports are coming in, of course that cattle were bitten by the wolves, and if so, and the wolves, or one of them, proved to be rabid, rabies could again become a scourge among the wildlife in this vicinity, as it has in others in the past. Whether this explains government reluctance to talk, we cannot say, but perhaps it might account for it.

Bus Accident

Wayton Valley School buses had their first accident last Friday, and it was very fortunately a minor one.

Returning from Moon Lake after picking up school children the bus driven by Mr. Roy Sjerdel was in collision with a pickup truck which came out of a side road. The accident occurred on the old highway, south of Moon Lake, two miles north of Rocky Rapids.

The school bus was not severely damaged, although it was turned around in the middle of the road and ended up in the ditch. Three children were taken to hospital, for the day, for observation, but were apparently none the worse for the mishap. After being gotten back into the road again the school bus completed its run.

Yes, I broke the engagement. My feelings toward him have changed completely. "But you still wear his ring." "Oh, my feelings toward the ring are the same as ever."

We know that a fool and his money are soon parted, but what would be interesting to learn is how they got together in the first place.

A prim little lady was talking to a friend about her conversation with a man who had come to her house. "I got them out fast, because I didn't want the garbage man to think I did." "What did you do with them?" asked the friend. "Well, the preacher lives next door," was the reply. "I got them in his car. Everybody knows he doesn't drink."

Harry: "How do you get your little girl to find so much to write for you when you want to go fishing?" Larry: "That's easy. Out of every line she dips up, I let her have one to eat."

REPORT FROM LEGISLATURE

Reported by Mr. Wood

During the second week in the Legislature, two speakers took part in the debate on the Reply to the Speech From the Throne. Ernest Watkins (P.C. Calgary-Glenmore) led off on Monday, and while he found a lot of items mentioned in the Throne Speech with which he could agree, there were, in his opinion, "lines of omission" relative to medical aid and legal aid for Albertans and to agricultural education. He also expressed regret that the Government was not making of the money set aside by the Federal Government for various services. Then for the first time in two years a vote of non-confidence in the government based on this, was moved by him seconded by Frank Gahner (Coalition - Banff-Cochrane). An overwhelming voice vote of "NO" ended the debate and the debate carried on with Edgar Gahner (S.C. Edmonton-North-west) criticizing the narrowing of Highway 16 through the village of Spruce Grove and saying that a by-pass be made to prevent slowing down of traffic at that point. If full speed is carried out as things are at present, he said, "Children and we will be killed by the score. Mr. Gahner also stated that teachers should stay in the school until 5:00 P.M. to help students, conduct extra-curricular activities, mark papers or attend staff meetings. This latter, he said should not be done in the regular class time without pupils being dismissed for them.

Hom. Gordon Taylor, Minister of Highways followed and he answered Mr. Gahner by saying that very carefully thought had been given to the routing of the four-lane road through Spruce Grove and that a suitable by-pass road would have taken a large acreage of very valuable farm land and cause a very costly encroachment on farms. Also he said that the village of Spruce Grove had provided by design or otherwise, a very wide service road area and this would relieve any dangerous reduction of traffic speed on Highway 16.

Mr. Taylor blasted the policies of the Progressive Conservative Federal Government, leading to half a million people standing in bread lines after all their glorious promises of relieving unemployment and he took them to task for their faith about U.S. Capital investments in Canada while at the same time the Finance Minister goes to New York to borrow money. "Another Tory inconsistency," he said.

"Another Tory inconsistency," he said.

During the second week in the Legislature, two speakers took part in the debate on the Reply to the Speech From the Throne. Ernest Watkins (P.C. Calgary-Glenmore) led off on Monday, and while he found a lot of items mentioned in the Throne Speech with which he could agree, there were, in his opinion, "lines of omission" relative to medical aid and legal aid for Albertans and to agricultural education. He also expressed regret that the Government was not making of the money set aside by the Federal Government for various services. Then for the first time in two years a vote of non-confidence in the government based on this, was moved by him seconded by Frank Gahner (Coalition - Banff-Cochrane). An overwhelming voice vote of "NO" ended the debate and the debate carried on with Edgar Gahner (S.C. Edmonton-North-west) criticizing the narrowing of Highway 16 through the village of Spruce Grove and saying that a by-pass be made to prevent slowing down of traffic at that point. If full speed is carried out as things are at present, he said, "Children and we will be killed by the score. Mr. Gahner also stated that teachers should stay in the school until 5:00 P.M. to help students, conduct extra-curricular activities, mark papers or attend staff meetings. This latter, he said should not be done in the regular class time without pupils being dismissed for them.

at varying times from last July to the end of December with 19 rural homes to be built and accommodation for 600 in each of the cities of Calgary and Edmonton. The 31 Homes have accommodation for 1850 section citizens and to date there are 599 in them or 87.8% occupancy.

The perennial resolution asking for a ban on the use of tobacco was moved by E. Watkins (P.C. Calgary-Glenmore) and seconded by M. Macgregor (L. Lac La Poudre). Several members from the government side entered into the debate signifying that such a record would not justify the huge expenditure entailed. The debate was adjourned by E. Hameel (S.C. Okotoks-High River).

Friday the debate on the Speech from the Throne continued with P. Ellis (S.C. Cochrane) advocating that serious consideration be given to more uniform municipal policing.

The highlight of the week was the two-hour address given by Hon. A.J. Hoole, Minister of Municipal Affairs who revealed the new tax plan setting a 25 percent wide scale rate on an equalized assessment in which governmental owned property including government telephones and all municipality owned property will go on the tax roll. Provincial schools, hospitals and parks will be exempt. Power and pipe lines will be assessed by T.R.A. lines, farm buildings, mutual telephone lines, water and sewer lines will be exempt.

It was proposed that the 32 miles on the equalized assessment will go into a fund to cover requisitioned education on determined in a foundation program prepared by the Minister of Education and his staff. Of course, said Mr. Hoole, if any school division plans for more than is provided by the 25 mills, the additional expenditure would be the responsibility of that area to provide.

A. Alesio (S.C. Athabasca) is paying the 18th for the Senior Citizens said, that is the Minister of Public Welfare never does anything due to welfare work, he will go down in history as "doing so much for 50 many." Hon. A. Alesio, Minister of Education adjourned the debate.

Fifteen Bills were presented during the week.

A socialite was relating his recent experience to members of his club. "I had 60 or 70 home broke my table," he began. "My home picked me up with his car, I hung me onto the table and then got a doctor."

"What a smart home," the friend agreed. "Not so smart... that darn fool home got a home doctor."

Vol. 6, No. 9 March 8, 1961 A. Playford, Publisher. Box 120, Drayton Valley.

DRAYTON VALLEY "GOLDEN BOY"

Staff Picture.

Trainer and Boxing Club President Gordon Cross is holding the hard-hitting right arm of Rufus "Golden Boy" Combs. In centre of the picture is the huge trophy which Combs will keep for one year, which remains the property of the Cyclist Club who sponsor the annual Golden Gloves events. The two other trophies were won by Rufus, and will become his permanent property.

By Mike Gormley.

RUFUS COMBS, 1961 "GOLDEN BOY".

Drayton Valley's "Golden Boy" in amateur athletics rang in at 11:40 p.m., Saturday March 4, 1961 when one of its loyal sons was voted the outstanding competitor in Alberta's finest sports

event to win the 139 pound championship in one of the greatest bouts of the tournament, by defeating Otto Hartman the Army prize. The victory and the accompanying honors were most timely as preparations for our own festive extravaganza are just well under way and Rufus' splash certainly will be a tremendous shot in the arm to our organizational efforts and especially on the publicity angle.

Combs did not compete at all on Friday's draw in the tournament, however, he was off and running against Germaine early Saturday afternoon. Rufus seemed to get a slow start against the tall, hard rock from the Legion team. He gained more ground, however, as the bout went on and finished very strong to carry a comfortable margin in the judges' voting. In the very next bout on the agenda Otto Hartman, P.P.C. L.L. defeated Billy Red Crow of the Blood Indian reserve in the other 139 pound Open Semi-Final, and the stage was set for the big "Fin-AT" between the Valley "Panther" and the "Army Tiger".

Against Hartman, Rufus Combs was calm, collected, dead serious and determined. He fought according to a plan designed by his seconds Gordon Cross and Don Booker, there was no wasted energy - every move was a step in the right direction toward victory, fame and glory. The powerful,

LORI ANN WILSON Photo by Curtis Studio

This week's "Personality" is Lori Ann Wilson, who was born on September 19th, 1955. Her father is well-known in this area as Corporal D.R. "Skip" Wilson, of the R.C.M.P. detachment in Drayton Valley.

Skip was born in Cardale, where his father was a United Church minister. After graduating from high school Wilson joined the R.C.M.P. in Crystal City, Manitoba. In July of this year he will have seen 20 years of service with the Royal Canadian Mounted Police.

Corporal Wilson has served in many places, Edmonton, Leduc, and Devon, Wainwright, Redwater, St. Paul. In 1958 he opened the first R.C.M.P. detachment in Drayton Valley. He was transferred to Edmonton from here,

Wilson is president of the Drayton Valley Athletic Association. He is interested in all types of sports. He coached the 1961 League team ball team and played on the Senior Baseball team. He is a member of the Dominion Boxing Finals. He is a member of the United Church where he sings in the choir. He is also a member of the Athletic Board of Drayton Valley Legion.

RED CROSS CAMPAIGN

The 1961 Red Cross Campaign will get underway in Drayton Valley with full steam ahead, on Wednesday, March 15th, which date has been set for the official kick-off date by the local Red Cross committee. Campaign chairman is Lyt Krauter who is getting canvassers lined for the drive which will take two or three weeks to complete.

A few of the larger companies have already indicated their willingness to proceed with employee payroll deductions, and with the company matching the employee contributions dollar for dollar.

Some of the canvassers have already been assigned, and anyone

who would like to take a part in this very worthwhile project as a canvasser for a particular area, perhaps the block in which their home is located, may get in touch with Mr. Krauter at the Hospital.

MUST RAISE QUOTA

Mr. D. Bruce Shaw, Chairman of the local Executive Committee of the Canadian Red Cross Society, warned that if the many Red Cross programs were to be maintained during the coming year the Society must raise the 1961 National Campaign Objective of \$6,370,828 (Alberta's quota is \$524,500)

continued page 16, col. 6.

Winner of the Grand Challenge Trophy was the Shirley Trucking, of Edmonton. Mr Shirley is second from the left.
